Is this a Gender Inclusive Housing application? _____

____ I have thoroughly read the Juniata College Gender Inclusive Housing Policy and I agree to comply with the terms as outline in the policy. I also understand that Juniata College strongly discourages students who are involved in a romantic relationship from living together in college housing. While the Office of Residential Life does not inform parents, guardians or families of your choice to live in gender inclusive housing, we recommended that you share this housing choice with your parents/ guardians.
