

Understanding English Language Proficiency

You will experience an integrated curriculum that connects you with faculty, campus community, conversation partners, and 1-on-1 tutoring support.

In English for Academic Purposes (EAP), up to 15 credits count towards your degree.

Most students who take ESL classes graduate in four years or less.

Students taking courses in the EAP have also added an elective class such as:

- Spanish
- Choir
- Calculus
- Computer Science
- Drawing
- 3D Printing
- Private Instrumental Lessons

Note: Students should be mindful of their English level and their workload when considering adding electives.

For more information go to www.juniata.edu/eap or contact International Student Services at international@juniata.edu or 814-641-3180.
