Main	11/16/2017	3/26/2018	Women's Rugby club officers pressured members to participate in a drinking challenge that required them to consume a beer and then gain access to a restricted area by climbing a chain-link fence.	Two officers of the club were removed and restricted from team leadership positions. All Rugby Team members were required to attend two training/educational sessions designed to raise awareness of hazing and how to avoid it. All Club sports teams must also now undergo annual anti-hazing training.
